

IJDVL International Awards 2016

In recognition of the large number of manuscripts we receive from overseas contributors, IJDVL bestows a set of awards for our international authors. These are distinct from the awards that the Journal confers on the best contributions from Indian authors and which were announced in the previous issue. This year, we are pleased to announce that we have introduced a new category that is the best Review Article published by an international author.

We are delighted to announce the winners of the international awards for articles published in 2016, chosen by the editorial team.

Best Original Article/Net Study

Keratoderma-like T cell dyscrasia: A report of 13 cases and its distinction from mycosis fungoides palmaris et plantaris. Cynthia M Magro, Giang Huong Nguyen. *Indian J Dermatol Venereol Leprol*. 2016 July-August; 82: 395-403.

Best Review
