

## IJDVL Awards 2023

In recognition of the large number of manuscripts we receive from overseas contributors, *IJDVL* bestows a set of awards for our international authors. These are distinct from the awards that the Journal confers on the best contributions from Indian authors and which were announced in the previous issue.

We are delighted to announce the winners of the international awards for articles published in 2023 chosen by the editorial team. Congratulations to all the winners! And thanks to all our international contributors for sending us their manuscripts.

### Best Original Article

Effects of keratinocyte-derived and fibroblast-derived exosomes on human epidermal melanocytes. Hai-Xia Shi, Ru-Zhi Zhang, Li Xiao, Li Wang. <https://ijdv.com/effects-of-keratinocyte-derived-and-fibroblast-derived-exosomes-on-human-epidermal-melanocytes/>
