

Retraction: Delleman syndrome: Report of a case in an adolescent boy

The article titled “Delleman syndrome: Report of a case in an adolescent boy” published in pages 229-30, issue 2, vol. 78 of the Indian Journal of Dermatology, Venereology, and Leprology^[1] is being retracted. It has been reported by the author that the permission of using the images has been revoked by the family of the patient concerned. As the case involves frontal areas of face, the image cannot be modified to protect patient identity. Therefore, in the interest of privacy of the patient and his family, the author has decided to retract the article.

M. Ramam

Editor in Chief, Indian Journal of Dermatology, Venereology, and Leprology
